

HIGHTEC SCREENWASH -20 °C

Ready-to-use antifreeze and cleaning agent for windscreen washer systems.

Description

HIGHTEC SCREENWASH -20 °C is a ready-to-use antifreeze and cleaning agent for windscreen washers and headlamp cleaning devices. It is free of toxic methanol and lightly scented with a citrus fragrance for a pleasant odour. Suitable for fan nozzles and polycarbonate windscreens in cars, heavy-goods vehicles, buses and work machines.

Application

HIGHTEC SCREENWASH -20 °C ensures a thorough cleaning and clear view without smears after only a few wiping intervals. It reliably removes road dirt such as dust, insects, oil and silicone residues.

Benefits

- Reliable antifreeze protection
- Immediately ready to use without mixing
- Powerful cleaning action, even in the presence of stubborn dirt
- Windscreens free of smears in just a few wiping intervals
- Suitable for fan nozzles
- Neutral behaviour towards polycarbonate and other plastics such as paint, rubber, metal and glass
- Pleasant citrus fragrance

Notices

HIGHTEC SCREENWASH -20 °C is harmless on coming into contact with the skin for a short time, but does have a degreasing effect. Wash with water and apply a protective hand cream to the affected area following contact with the skin, if necessary.

Typical characteristics

Property	Method	Unit	Value
Color	visuell	-	bläulich / bluish
Freezing point	-	°C / °F	-20 / -4
